

Job Description

Job Title: Lead Supervisor

Immediate Supervisor: Program Director

As the leader of all supervisors and staff on the residential training team, you will be actively involved in the lives and direction of our residents and you will be responsible for ensuring that the ISS supervisors and staff perform their duties consistently, appropriately and with competence. You will be instrumental in providing a safe home-like environment while assisting the residents to be as independent as possible, and helping them make choices that are appropriate for their well-being and lives. You will also assist the Program Director in all duties deemed necessary and/or appropriate by the Program Director. In the event of the Program Director's absence, you may be required to assume some of the duties of the Program Director position. A strong sense of leadership, a nurturing approach, the development of the residents and the proven ability to lead ISS supervisors and staff are the primary responsibilities of this position.

1. Job duties (failure to adequately or consistently perform any or all of the duties below may result in disciplinary action, up to and including termination.

Duty	General Description	
Activities of Daily Living (ADL's)	Assist residents as needed in all A.D.L.'s, including bathing, toileting, dressing, oral hygiene, and other personal care tasks. Encourage each resident's independence and provide for follow up as needed. Encourage and support residents in group or individual recreational and social activities.	
Advocacy	Act as an advocate for residents, including in matters of health, personal choice and community involvement. Act as an advocate for staff and ISS supervisors in employee disputes. Act as an advocate for the agency in all matters, including employee issues, resident health and agency reputation.	
Certifications	Maintain current certifications in: CPR/First Aid, Food Handlers, HIV/AIDS training, OSHA/Bloodborne Pathogens and DSHS background checks.	
Community Activities	Encourage and supervise residents in group and/or individual recreational community activities.	
Emergency Procedures	Know and understand all emergency procedures and policies. Ensure all safety practices and emergency plans are followed.	
Food handling	Food preparation in accordance with residents' dietary needs. Ensure proper storage of all food. Maintain and update inventory of all food items.
